

Universal questions: What? Where? Why?

Examples of questions you might use are:

<p>Identifying Need (Open exploratory questions)</p>	<p>What are things like for you now? How does this affect you? How does this affect others around you?</p>
<p>Identifying Impact (Open exploratory questions)</p>	<p>What, if anything, has changed and when? How has this affected you? How has this affect others around you?</p>
<p>Identifying Outcomes (Open exploratory questions)</p>	<p>What is most important to you and why? What is good that you do not want to change? What, if anything, do you want to change? What are your desired outcomes? On a scale of 1 to 5 where are you at the moment?</p>
<p>Identifying Actions</p>	<p>How will you achieve these outcomes? What would help achieve these? Who could help you achieve these? Where can you best achieve these?</p>
